SUMMARY OF GROUP DENTAL INSURANCE

Dental Insurance

We pay benefits if a *covered person* incurs covered dental expenses in excess of the deductible amount. The benefit and deductible may vary according to procedure. The *policy* explains which dental expenses receive limited or no benefits. In addition, waiting periods may apply to some procedures.

If a *covered person* has more than one dental expense plan, benefits from us may be reduced so that all benefits received are not more than the actual expenses.

**Please read
the following pages
carefully.**

ELIGIBILITY AND TERMINATION PROVISIONS FOR DENTAL INSURANCE

Eligible Persons

To be eligible for insurance, a person must:

- be a member of an *eligible class*; and
- complete any Service Requirement shown in the Schedule by continuous service with the employer, the *policyholder*, or an *associated company*.

The Present Service Requirement applies to persons in an *eligible class* on the Effective Date of the *policy*. The Future Service Requirement applies to persons who become members of an *eligible class* after that.

Effective Date for an Eligible Person

Any *noncontributory* insurance will take effect on the Entry Date shown in the Schedule.

For any *contributory* insurance, a person must apply for insurance on a form acceptable to us, and agree to pay part or all of the premium.

- If a person applies before becoming eligible, insurance will take effect on the Entry Date shown in the Schedule.
- If the application is made on the date the person becomes eligible, or within 31 days after that, insurance will take effect on the Entry Date occurring on or after the date of the application.
- If application is made more than 31 days after the day the person becomes eligible or after insurance ended because the premium was not paid, then *dental insurance* will take effect on the Entry Date occurring on or after the date the request is made. However, for the first 24 months after becoming insured under the *policy*, the Late Entrant Limitation in the Special Limitations section will apply unless application is made during the annual enrollment period.

In no event will a person's insurance take effect before the *policyholder's* effective date.

Exception to Effective Date

If an eligible person is not at *active work* on the day insurance would otherwise take effect, insurance will not take effect until the person returns to *active work*. If the day insurance would normally take effect is not a regular work day for a person, insurance will take effect on that day if the person is able to do his or her regular job.

Addition of Employees

Eligible new employees or members of the *policyholder*, or an *associated company*, and their *eligible dependents*, if any, may be added in accordance with the provisions of the *policy*.

When a Person's Insurance Ends

Your insurance will end on the earliest of:

- the day the *policy* ends;
- the day the *policy* is changed to end the insurance for a person's *eligible class*;
- the last day of the month in which a person is no longer in an *eligible class*;
- the last day of the month in which a person stops *active work*; or
- the day a required contribution was not paid.

ELIGIBILITY AND TERMINATION PROVISIONS FOR DENTAL INSURANCE (continued)

Re-entry

If a person re-enters an *eligible class* within 12 months after insurance ends, the person will not have to complete the Service Requirement again. All other provisions of the *policy* will apply as if the person were newly eligible.

DEPENDENT ELIGIBILITY AND TERMINATION PROVISIONS FOR DENTAL INSURANCE

Eligible Dependents

Your *eligible dependents* are:

- your lawful spouse, and
- your children who are less than age 26, and
- your *disabled dependents*.

“Children” include any adopted children. A child will be considered adopted on the date of placement in your home. Grandchildren are included if they depend on you for support and maintenance. Stepchildren and foster children are also included if they depend on you for support and maintenance. “Children” also include any children for whom you are the legal guardian, who reside with you on a permanent basis and depend on you for support and maintenance.

An *eligible dependent* will not include any person who is a member of an *eligible class* and may not be covered under the *policy* by more than one person. However, if you and your spouse are both members of an *eligible class*, then one of you may request to be an *eligible dependent* of the other.

Dependent Effective Date

Any *noncontributory* dependent insurance will take effect on the day the dependent becomes an *eligible dependent*, or, if later, on the Entry Date shown in the Schedule.

For any *contributory* dependent insurance, you must apply for dependent insurance on a form acceptable to us. You must also agree to pay your share of the premium.

- If you apply before the dependent becomes eligible, dependent insurance will take effect on the Entry Date shown in the Schedule.
- If you apply on the date the dependent becomes eligible, or within 31 days after that, dependent insurance will take effect on the Entry Date occurring on or after the date of your application.
- If you apply more than 31 days after the dependent becomes eligible or after dependent insurance ended because the premium was not paid, *dental insurance* will take effect on the Entry Date occurring on or after the date the request is made. However, for the first 24 months after becoming insured under the *policy*, the Late Entrant Limitation in the Special Limitations section will apply unless application is made during the annual enrollment period.

Exception to Dependent Effective Date

Dependent insurance will not take effect until your insurance for the same coverage under the *policy* takes effect.

If an *eligible dependent* is in a hospital or similar facility on the day insurance would otherwise take effect, it will not take effect until the day after the *eligible dependent* leaves the hospital or similar facility. This exception does not apply to a child born while dependent insurance is in effect. Dependent insurance for a newborn dependent child, including an adopted dependent child, will automatically take effect at birth or the date of placement for adoption.

When Dependent Insurance Ends

A dependent's insurance will end on the earliest of:

- the day the *policy* ends;
- the day the *policy* is changed to end dependent insurance;

DEPENDENT ELIGIBILITY AND TERMINATION PROVISIONS FOR DENTAL INSURANCE (continued)

- the last day of the month in which that dependent is no longer eligible;
- the day your insurance for the same coverage under the *policy* ends; or
- the day a required contribution for dependent insurance was not paid.

However, dependent insurance will not end for a newborn dependent child, including an adopted dependent child, if a required contribution was not paid. We may reduce the benefit payable by the amount of past due premiums applicable to the additional dependent.

SPECIAL INSURANCE CONTINUANCE PROVISIONS

Continuance of Insurance

The *policyholder* may elect to continue your insurance and your dependent insurance, if any, on a premium-paying basis if you are unable to perform *active work* for a reason shown below. You must remain in other respects a member of the *eligible class*. The continuance cannot be more than the maximum continuance shown below but may be a lesser time period as elected by the *policyholder*. Continuance must be based on a uniform policy, and not individual selection.

The maximum continuance for *dental insurance* is the longest applicable period described below:

- 12 months* for injury, sickness, or pregnancy;
- 3 months* for temporary lay-off (only with the *policyholder's* expectation that you will resume *active work*), leave of absence (other than a family or medical leave of absence described below), or change to part-time; or
- the end of the period the *policyholder* is required to allow* for a family or medical leave of absence under:
 - the federal Family and Medical Leave Act; or
 - any similar state law.

*after the last day of *active work*.

Any leave of absence, including a family or medical leave of absence described above, must be approved in advance in writing by the *policyholder* if the insurance is to be continued.

Dependent Continuance

As specified below, dependent *dental insurance* may continue, subject to the provisions that describe when insurance ends, and all other terms and conditions of the *policy*. Premiums are required for any coverage continued.

Disabled Dependent Children

Dependent *dental insurance* for an *eligible dependent* child will continue beyond the date a child attains an age limit, if, on that date, he or she continues to be both:

- incapable of self-sustaining employment by reason of developmental disability, mental illness or disorder, or physical disability; and
- chiefly dependent upon you for support and maintenance.

We must receive proof of the above within 120 days after the child attains the age limit and each year after that, beginning 2 years after the child attains the age limit. There will be no increase in premium for this continued coverage.

Dependent *dental insurance* will end when the child is able to earn a living or is no longer dependent on you for support and maintenance.

Federal Continuance

Under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), a *covered person* may have the right to continue *dental insurance* coverage beyond the date insurance would otherwise terminate. You should contact the *policyholder* concerning your right to continue coverage.

SPECIAL INSURANCE CONTINUANCE PROVISIONS (continued)

State Continuance

The following provisions are applicable to all Minnesota *policyholders*. The continuance time periods under these provisions will run concurrently with any continuance available under the Federal Continuance.

This continuance is subject to all other terms and conditions of the *policy*.

Continuation for You

Your plan of *dental insurance*, including any dependent *dental insurance*, may be continued if you stop *active work* due to any of the following reasons:

- your employment ends for any reason except gross misconduct;
- you retire; or
- your work hours are reduced to less than *full-time*.

Your plan of *dental insurance*, including coverage for any *covered dependents*, will end on the earliest of:

- the date you fail to make any required premium payment;
- the date you become covered under any *other group dental expense coverage*. Your *dental insurance* may be continued if the new group dental plan excludes or limits a current condition as a pre-existing condition or for a specific waiting period. Continued coverage will end when you satisfy the new plan's pre-existing limitation or waiting period;
- the date the *policy* ends; or
- 18 months after the date continued coverage began. However, if your employment ends due to *disability*, your coverage may continue until the later of 18 months after the date continued coverage began or until you are no longer *disabled*.

You are considered *disabled* if:

- during the first 24 months, you are under the regular care and attendance of a *doctor* and are unable to perform the material duties of your regular occupation or employment; and
- after the first 24 months, you are unable to perform the material duties of any and every gainful occupation or employment for which you are reasonably fitted by education, training, or experience.

Continuance for a Covered Dependent

Insurance for your *covered dependent* child may be continued for a period up to 36 months if the child ceases to be an *eligible dependent* due to any of the following reasons:

- the child ceases to be dependent upon you; or
- the child attains the age limit for dependent insurance as described in the Eligible Dependents provision.

Insurance for your *covered dependent* spouse or children may be continued if your spouse or children cease to be *eligible dependents* due to any of the following reasons:

- your death; or

SPECIAL INSURANCE CONTINUANCE PROVISIONS (continued)

- your divorce or legal separation from your spouse.

In no event will dependent insurance under any of the above situations continue beyond:

- the date you or your *covered dependent* fails to make the required premium payment. A 30-day grace period applies to dependents continuing due to your death;
- the date the *policy* ends; or
- the date your *covered dependent* becomes covered under any *other group dental expense coverage*. Your *covered dependent's dental insurance* may be continued if the new group dental plan excludes or limits a current condition as a pre-existing condition or for a specific waiting period. Continued coverage will end when your dependent satisfies the new plan's pre-existing limitation or waiting period.

Additional Continuance Provisions

You may not continue coverage under more than one continuance provision. Only the first continuance provision to become applicable will be applied.

However, any dependents being continued under the "Continuation for You" provision may be further continued under the "Continuation for a Covered Dependent" provision if one of the above situations becomes applicable. The maximum period of continuation allowed will be determined from the date the last continuance period began.

The premium will not exceed 102% of the premium that would have applied if you had not stopped *active work*, or that would apply to a *covered dependent* to whom this continuation provision does not apply.

DENTAL INSURANCE

Insurance Provided

We will pay benefits for covered dental expenses identified in the *policy* when incurred by a *covered person*. We will pay the coinsurance percentage shown in the Schedule after a *covered person* has satisfied any deductible required for the *benefit year*, subject to all the terms and conditions of the *policy*.

Covered dental expenses will only include *treatment* provided to a *covered person* for which, as outlined in the Covered Dental Expenses section, the date started and the date completed occur while the person is insured under the *policy*. No payment will be made for a program of dental *treatment* already in progress on the effective date of a person's insurance, except as stated in the Continuity of Coverage provision, if any. No payment will be made for dental *treatment* completed after a *covered person's* insurance under the *policy* ends, except as stated in the Extension of Benefits provision.

Network Provider Plan

We will provide the benefits of the *network provider plan*, as shown in the Schedule, for covered expenses incurred by a *covered person* if the *treatment* is provided by a *network provider*. A *covered person* must be identified as being insured under the *network provider plan* each time *treatment* is received, to obtain the benefits of the *network provider plan*. We will provide the benefits of the *out-of-network provider plan*, as shown in the Schedule, for covered dental expenses incurred by a *covered person* if the *treatment* is provided by a dental care provider who is not a participant in the *network provider plan*.

Deductible

The deductible is the amount shown in the Schedule and will be applied to each class of dental services as indicated in the Schedule. The deductible is the amount of covered dental expenses that each *covered person* must incur in a *benefit year* before we will pay benefits. When covered dental expenses equal to the deductible amount have been incurred and submitted to us, the deductible will be satisfied. We will not pay benefits for covered dental expenses applied to the deductible.

If the deductible amount is increased during a *benefit year*, further covered dental expenses must be incurred after the date of increase to satisfy the additional deductible for that *benefit year*.

The deductible will apply to each *covered person* separately each *benefit year* except as stated in the Maximum Family Deductible section.

Maximum Family Deductible

The Maximum Family Deductible is shown in the Schedule. It indicates the number of persons in your *family unit* who must each satisfy an individual deductible in order to satisfy the family deductible. Once that number of persons has satisfied a deductible for a *benefit year*, we will consider the deductible to be satisfied for each person in your *family unit* for that *benefit year*. We will pay benefits for covered dental expenses incurred on or after the date the required number of persons has satisfied the deductible amount. Expenses incurred for Class IV: Orthodontic Dental Services will not be applied to the family deductible.

Benefit Year Maximum

The maximum benefit payable to each *covered person* during a *benefit year* is shown in the Schedule. This maximum will apply even if coverage for a *covered person* ends and starts again within the same *benefit year* or if a *covered person* has been covered both as an employee and a dependent. Benefits paid for Class I: Preventive Dental Services and Class IV: Orthodontic Dental Services will not be applied to the Benefit Year Maximum.

Date Started and Date Completed

If the *policy* includes any of the following listed services, we consider a dental *treatment* to be started as follows:

- for a full or partial denture, on the date the first impression is taken

DENTAL INSURANCE (continued)

- for a fixed bridge, crown, inlay and onlay, on the date the teeth are first prepared
- for root canal therapy, on the date the pulp chamber is first opened
- for periodontal surgery, on the date the surgery is performed and
- for all other *treatment*, on the date *treatment* is rendered

and we consider a dental *treatment* to be completed as follows:

- for a full or partial denture, the date a final completed appliance is first inserted in the mouth
- for a fixed bridge, crown, inlay and onlay, the date an appliance is cemented in place and
- for root canal therapy, the date a canal is permanently filled.

(See Class IV: Orthodontic Dental Services for start and completion dates for *orthodontic treatment*.)

Covered Dental Expenses

Covered dental expenses include only the lesser of the discounted amount agreed upon by the *network provider* under the *network provider plan*, the *dentist's* actual charge, or the *allowable charge* for expenses incurred by a *covered person*. The *treatment* must be:

- performed by or under the direction of a *dentist*, or performed by a *dental hygienist* or *denturist*
- *dentally necessary* and
- started and completed while a *covered person* is insured, except as otherwise provided in the Extension of Benefits provisions and Continuity of Coverage, if any.

Expenses submitted to us must identify the *treatment* performed in terms of the American Dental Association Uniform Code on Dental Procedures and Nomenclature or by narrative description. We reserve the right to request x-rays, narratives and other diagnostic information to determine benefits.

We will only pay benefits for covered dental expenses incurred for *treatment* which has a reasonably favorable prognosis for the patient.

We consider a temporary *treatment* to be an integral part of the final *treatment*. The sum of the fees for temporary and final *treatment* will be used to determine whether the charges are *allowable charges*.

Covered dental expenses will include expenses incurred for any covered service listed in the *policy* which is related to the *treatment* of cleft lip and cleft palate for your *covered dependent* child who is less than age 25. Orthodontic services for the *treatment* of cleft lip and cleft palate will also be covered for your *covered dependent* child who is less than age 25.

Covered dental expenses are based on current dental terminology and are updated periodically. The most current dental terminology may not be reflected in the list of covered dental expenses. However, benefits will be payable based on the most current dental terminology.

The following is a complete list of covered dental expenses. We will not pay benefits for expenses incurred for any service not listed in the *policy*.

- Coverage does not include an allowance for appliances for tooth movement or guidance, electronic diagnostic modalities, occlusal analysis, or muscle testing. However, TMJ coverage does include an allowance for appliances which provide for correction of the joint.

Benefits for *orthodontic treatment* will only be provided to a *covered dependent* child under the age of 25 who:

- has a cleft lip and/or palate; and
- the *orthodontic treatment* is *dentally necessary* as a direct result of the cleft lip and/or palate.

Benefits for *orthodontic treatment* are not payable for expenses incurred for retention of orthodontic relationships. Benefits for *orthodontic treatment* are payable only for active *orthodontic treatment* for the services listed above.

We will pay benefits for the orthodontic services listed above when the date started for the orthodontic service occurs while the person is insured under this *policy*. No payment will be made for *orthodontic treatment* if the appliances or bands are inserted prior to becoming insured, except as provided in the Continuity of Coverage provision. However, we will pay benefits for expenses incurred while insured under this *policy* for covered orthodontic services received by a *covered dependent* child under the age of 25 which are *dentally necessary* as a direct result of a cleft lip and/or palate regardless of the date *orthodontic treatment* started. We consider *orthodontic treatment* to be started on the date the bands or appliances are inserted. Any other *orthodontic treatment* that can be completed on the same day it is rendered is considered to be started and completed on the date the *orthodontic treatment* is rendered.

We will pay the coinsurance percentage amount shown in the Schedule. The maximum benefit payable to each person, while insured under the *policy*, for orthodontic services is shown in the Schedule. The maximum benefit will apply even if coverage is interrupted. Benefits paid for orthodontic services will not be applied to the Benefit Year Maximum shown in the Schedule.

We will make a payment for covered orthodontic services related to the initial *orthodontic treatment* which consists of diagnosis, evaluation, pre-care and insertion of bands or appliances. After the payment for the initial *orthodontic treatment*, benefits for covered orthodontic services will be paid in equal quarterly installments over the course of the remaining *orthodontic treatment*. The benefit payment schedule for the initial *orthodontic treatment* and quarterly installments will be determined as follows:

- We will determine the lesser of the *allowable charge* and the orthodontist's fee and multiply that amount by the co-insurance rate shown in the Schedule.

DENTAL INSURANCE (continued)

- The lesser of the amount from the bullet above or the Overall Benefit Maximum for orthodontic services shown in the Schedule will be the maximum benefit payable. An initial amount of 25% of the maximum benefit payable will be paid for the initial *orthodontic treatment*. This amount will be payable as of the date appliances or bands are inserted.
- The remaining 75% of the maximum benefit payable will be divided by the number of quarters that *orthodontic treatment* will continue to determine the amount which will be payable for each subsequent quarter of *orthodontic treatment*. The subsequent quarterly payments will be made only if the person remains insured under this *policy* and provides proof to us that *orthodontic treatment* continues. If *orthodontic treatment* continues after the maximum benefit payable has been paid, no further benefits will be paid.

Pre-estimate

If the charge for any *treatment* is expected to exceed \$300, we recommend that a *dental treatment plan* be submitted to us for review before *treatment* begins. An estimate of the benefits payable will be sent to the *covered person* and the *dentist*.

In estimating the amount of benefits payable, we will consider whether or not an alternate *treatment* may accomplish a professionally satisfactory result. If a *covered person* and the *dentist* agree to a more expensive *treatment* than that pre-estimated by us, we will not pay the excess amount.

The pre-estimate is not an agreement for payment of the dental expenses. The pre-estimate process lets a *covered person* know in advance approximately what portion of the expenses will be considered covered dental expenses by us.

Alternate Treatment

If an alternate *treatment* can be performed to correct a dental condition, the maximum covered dental expense we will consider for payment will be the most economical *treatment* which will produce a professionally satisfactory result. We will not provide a full payment, a partial payment, or an alternate *treatment* payment for any service that is not a covered dental expense.

Special Limitations

Waiting Period for Timely Applicants

If you apply for *dental insurance* before or within 31 days of the date a *covered person* becomes eligible, the person is a timely applicant. We will not pay benefits for any of the services listed under the Waiting Periods in the Schedule until the *covered person* has been continuously insured under the *policy* for the period of time listed in the Schedule for that type of service.

If *orthodontic treatment* is started during the Waiting Period, only the portion of the *treatment* rendered after the end of the Waiting Period will be considered a covered dental expense. We will not pay for any Class I, II or III services for *treatment* started or completed during a waiting period.

Late Entrant Limitation

(This limitation will not apply to a newly adopted child or a *disabled dependent*.)

If you apply for *dental insurance* more than 31 days after a *covered person* first becomes eligible, the person is a late entrant. The benefits for the first 24 months of coverage for late entrants will be limited as follows:

<u>Time Insured Continuously Under the Policy</u>	<u>Benefits Provided for Only These Services</u>
Less than 6 months	Class I Dental Services
At least 6 months but less than 12 months	Class I & Class II Restorative Services

DENTAL INSURANCE (continued)

At least 12 months but less than 24 months

Class I & all Class II Dental Services

We will not pay for any *treatment* that is started or completed during the late entrant limitation period.

Charges related to *treatment* for reconstructive surgery received after the end of any waiting periods will be considered for payment for an injury, sickness, congenital disease or anomaly which occurred or existed prior to the end of the waiting period.

DENTAL INSURANCE (continued)

Extension of Benefits

If a *covered person's* insurance under the *policy* ends, we will extend benefits for any claim related to non-orthodontic dental *treatment* rendered on a specific tooth that began while insured under the *policy*. We will continue to pay benefits for covered dental expenses for such *treatment* that is rendered within 30 days after the date insurance ends.

If a *covered person's* insurance under the *policy* ends, benefits for *orthodontic treatment* will be paid only for covered dental expenses incurred while insured under the *policy* and only until the end of the quarter in which insurance ends.

Any extension of benefits will be subject to payment of the Benefit Year Maximum, Overall Benefit Maximums and other limitations of the *policy*.

This extension will not apply if the *policyholder* ends insurance and the *policy* is replaced with another plan of group dental insurance within 30 days of the date the *policy* ends.

CONTINUITY OF COVERAGE

Definitions

Prior plan means the *policyholder's* plan of group dental insurance, if any, under which you were insured on the day before the Effective Date of the *policy*.

Continuity of Coverage for You

If the *policy* replaces the *prior plan*, we will provide continuity of coverage if you were covered under the *prior plan* on the day before coverage was replaced by the *policy*.

If you

- are at *active work* on the Effective Date of the *policy* and
- apply for insurance before or within 31 days of the Effective Date of the *policy*,

you will be insured under this *policy*.

If you are not at *active work* on the Effective Date of the *policy*, you will be insured by us and will be provided the benefits of the *policy* until the earliest of:

- the end of any period of continuance of the *prior plan*;
- the date a required contribution, if any, was not paid; or
- the date coverage ends, according to the provisions of the *policy*.

Continuity of Coverage for Your Dependents

If the *policy* replaces the *prior plan*, we will provide continuity of coverage for your *eligible dependents*, if any, who were covered under the *prior plan* on the day before coverage was replaced by the *policy*.

If

- the dependent is not in a hospital or similar facility on the Effective Date of the *policy*, and
- you apply for dependent insurance before or within 31 days of the Effective Date of the *policy*,

the dependent will be insured under the *policy*.

If the dependent is in a hospital or similar facility on the Effective Date of the *policy*, the dependent will be insured by us and will be provided the benefits of the *policy* until the earliest of:

- the end of any period of continuance of the *prior plan*; or
- the date a required contribution, if any, was not paid; or
- the date coverage ends, according to the provisions of the *policy*.

Prior Extractions

If *treatment* is *dentally necessary* due to an extraction which occurred before the effective date of this coverage but while a *covered person* was covered under the *prior plan* and *treatment* would have been covered under the *policyholder's prior plan*, we will apply the Coverage for Treatment in Progress provision as stated below and consider expenses as follows:

- the replacement of the extracted tooth must take place within 12 months of extraction; and

CONTINUITY OF COVERAGE (continued)

- expenses must be covered dental expenses under this *policy* and the *prior plan*.

Waiting Periods and Late Entrant Limitations

If a *covered person*:

- was covered under the *prior plan* on the day before the *prior plan* was replaced by this *policy*;
- is eligible on the effective date of this *policy* for *dental insurance*; and
- you elect *dental insurance* for yourself and your dependents under this *policy* before or within 31 days of the effective date of this *policy*;

then any Waiting Period for Timely Applicants will be waived for any Class of dental services covered under the *prior plan* and this *policy*.

If a *covered person*:

- was eligible but not covered under the *prior plan* on the day before the *prior plan* was replaced by this *policy*;
- is eligible on the effective date of this *policy* for *dental insurance*; and
- you apply for *dental insurance* for yourself and your dependents under this *policy* before or within 31 days of the effective date of this *policy*, then

a *covered person* will be subject to the Late Entrant Limitation in the Special Limitations section.

Coverage for Treatment in Progress

If a *covered person* was covered under the *prior plan* on the day before the *prior plan* was replaced by this *policy*, we will pay benefits for any program of dental *treatment* already in progress on the effective date of this *policy* as stated below. However, the expenses must be covered dental expenses under this *policy* and the *prior plan*.

- Extension of Benefits under Prior Plan

We will not pay benefits for *treatment* if:

- the *prior plan* has an extension of benefits provision;
- the *treatment* expenses were incurred under the *prior plan*; and
- the *treatment* was completed during the extension of benefits.

- No Extension of Benefits under Prior Plan

We will pro-rate benefits according to the percentage of *treatment* performed while insured under the *prior plan* if:

- the *prior plan* has no extension of benefits when that plan terminates;
- the *treatment* expenses were incurred under the *prior plan*; and
- the *treatment* was completed while insured under this *policy*.

- Treatment Not Completed during Extension of Benefits

CONTINUITY OF COVERAGE (continued)

We will pro-rate benefits according to the percentage of *treatment* performed while insured under the *prior plan* and during the extension if:

- the *prior plan* has an extension of benefits;
- the *treatment* expenses were incurred under the *prior plan*; and
- the *treatment* was not completed during the *prior plan's* extension of benefits.

We will consider only the percentage of *treatment* completed beyond the extension period to determine any benefits payable under this *policy*.

Deductible Credit

We will credit this *policy's* deductible amount by the amount of covered dental expenses incurred by a *covered person* in the current *benefit year* and applied to covered dental expenses under the *prior plan's* deductible. You must supply us with proof that these expenses were incurred.

Maximum Benefit Credit

All paid benefits applied to the maximum benefit amounts under the *prior plan* will also be applied to the maximum benefit amounts under this *policy*.

If a *covered person* had orthodontic coverage under the *policyholder's prior plan* and you have orthodontic coverage under this *policy*, we will not pay benefits for orthodontic expenses unless:

- you submit proof that the Overall Benefit Maximum for Class IV Orthodontic Services for this *policy* was not exceeded under the *prior plan*;
- *orthodontic treatment* was started and bands or appliances were inserted while insured under the *prior plan*;
- payment was made for *orthodontic treatment* under the *prior plan*, and
- *orthodontic treatment* is continued while a *covered person* is insured under this *policy*.

If you submit the required proof, the maximum benefit for *orthodontic treatment* will be the lesser of this *policy's* Overall Benefit Maximum for Class IV Orthodontic Services or the *prior plan's* maximum benefit. The maximum benefit payable under this *policy* will be reduced by the amount paid or payable under the *prior plan*.

COORDINATION OF BENEFITS

Applicability

The Coordination of Benefits (COB) provision applies when a *covered person* has dental care coverage under more than one *plan*. *Plan* is defined below. All of the benefits provided under the *policy* are subject to *this provision*.

Definitions

Allowable expense means a dental care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any *plan* covering the person. When a *plan* provides benefits in the form of services, the reasonable cash value of each service will be considered an *allowable expense* and a benefit paid. An expense that is not covered by any *plan* covering the person is not an *allowable expense*. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a *covered person* is not an *allowable expense*.

The following are examples of expenses that are not *allowable expenses*:

- If a *covered person* is covered by 2 or more *plans* that compute their benefit payments on the basis of:
 - *dentally necessary*, usual and customary fees; or
 - relative-value, schedule-reimbursement methodology; or
 - other similar reimbursement methodology,any amount in excess of the highest reimbursement amount for a specific benefit is not an *allowable expense*.
- If a *covered person* is covered by 2 or more *plans* that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an *allowable expense*.
- If a *covered person* is covered by one *plan* that calculates its benefits or services on the basis of:
 - *dentally necessary*, usual and customary fees; or
 - relative-value, schedule-reimbursement methodology; or
 - other similar reimbursement methodology; and
 - another *plan* that provides its benefits or services on the basis of negotiated fees;

the *primary plan's* payment arrangement will be the *allowable expenses* for all *plans*.

However, if the provider has contracted with the *secondary plan* to provide:

- the benefit or service for a specific negotiated fee; or
- payment amount that is different than the *primary plan's* payment arrangement; and
- if the provider's contract permits,

the negotiated fee or payment shall be the *allowable expenses* used by the *secondary plan* to determine its benefits.

COORDINATION OF BENEFITS (continued)

- The amount of any benefit reduction by the *primary plan* because a *covered person* has failed to comply with the *plan* provisions is not an *allowable expense*. Examples of these types of *plan* provisions include:
 - any required second opinion,
 - some form of predetermination of *treatment*, and
 - preferred provider arrangements.

Birthday refers only to month and day in a calendar year and does not include the year of birth.

Claim means a request that benefits of a *plan* be provided or paid. The benefits claimed may be in the form of:

- services (including supplies); or
- payment for all or a portion of the expenses incurred; or
- combination of services or expenses shown above; or
- indemnification.

Claim period means a calendar year. A *claim period* will not start before a person's effective date of insurance under *this plan* nor extend beyond the last day the person is covered under *this plan*.

Closed-panel plan is a *plan* that provides dental care benefits to a *covered person* primarily in the form of services through a panel of providers that

- have contracted with or are employed by the *plan*, and
- excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Consolidated Omnibus Budget Reconciliation Act of 1985 or "COBRA" means coverage provided under a right of continuation compliant with federal law.

Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

Medicaid means Title XIX of the Social Security Act of 1965 as amended.

Plan means any of the following that provides benefits or services for dental care or *treatment*:

- Group and non-group insurance contracts, dental service prepayment coverage, or subscriber plans;
- Dental Maintenance Organization (DMO) contracts or Health Maintenance Organization (HMO) contracts;
- *Closed-panel plans* or other forms of group or group-type coverage, as permitted by law or regulation (whether insured or uninsured);
- Dental benefits under group or individual automobile contracts, as permitted by state law or regulation; and
- Medicare or any other federal governmental plan, as permitted by law.

COORDINATION OF BENEFITS (continued)

If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same *plan* and there is no COB among those separate contracts.

Plan does not include any of the following:

- Hospital indemnity coverage or other fixed indemnity coverage;
- Accident-only coverage;
- Specified disease or specified accident coverage;
- Limited benefit health coverage, as defined by state law;
- School accident-type coverage;
- Benefits for non-dental services provided under long-term care coverage;
- Medicare supplement coverage;
- A state plan under Medicaid; or
- Coverage under a governmental plan, which, by law, provides benefits that are in excess of those of any private insurance plan or other non-governmental plan.

Each contract for coverage shown above is a separate *plan*. If a *plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *plan*.

Primary plan means the *plan* that pays or provides its benefits first, according to its terms of coverage and without regard to benefits under any other *plan*.

Except as provided below, a *plan* that does not contain a COB provision that is consistent with *this provision* is always the *primary plan* unless the provisions of both *plans* state that the *plan* with a COB provision is the *primary plan*.

Coverage that is obtained by virtue of membership in a group that is:

- designed to supplement a part of a basic package of benefits, and
- provides this supplementary coverage,

shall be excess to any other parts of the *plan* provided by the *policyholder*.

An example of this type of situation is insurance-type coverage that is written in connection with a *closed-panel plan* to provide out-of-network benefits.

Secondary plan means the *plan* that determines its benefits after those of another *plan* and may reduce the benefits it pays so that all *plan* benefits do not exceed 100% of the total *allowable expenses* incurred by a *covered person* during the *claim period*.

This plan means the benefits provided by the *policy*. When there are more than two *plans*, *this plan* may be a *primary plan* to one or more other *plans*, and may be a *secondary plan* to a different *plan(s)*.

This provision means the provision for coordination between the benefits of *this plan* and other *plans*.

Other definitions that may apply to *this provision* appear in the Definitions provisions of this *policy*.

COORDINATION OF BENEFITS (continued)

Order of Benefit Determination

When a *covered person* has dental care coverage under more than one *plan*, each *plan* determines its order of benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent

The *plan* that covers the person other than as a dependent, e.g., as an employee, member, policyholder, subscriber or retiree is the *primary plan* and the *plan* that covers the person as a dependent is the *secondary plan*.

However, if

- a *covered person* is a Medicare beneficiary and,
- as a result of federal law,
 - Medicare is secondary to the *plan* covering the person as a dependent; and
 - primary to the *plan* covering the person as other than a dependent (e.g., a retired employee or member);

then, the order of benefits between the two *plans* is reversed so that

- the *plan* covering the person as an employee, member, policyholder, subscriber or retiree is the *secondary plan*, and
- the other *plan* is the *primary plan*.

2. Dependent Child Covered Under More Than One Plan

Unless there is a court decree stating otherwise, when a dependent child is covered by more than one *plan* the order of benefits is determined as follows:

- For a *covered dependent* child whose parents are married or are living together, whether or not they have ever been married:
 - The *primary plan* is the *plan* of the parent whose *birthday* falls earlier in the calendar year; or
 - If both parents have the same *birthday*, the *primary plan* is the *plan* that has covered the parent the longest.
- For a *covered dependent* child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - If a court decree states that one of the parents is responsible for the dependent child's dental care expenses or dental care coverage and the *plan* of that parent has actual knowledge of those terms, that *plan* is the *primary plan*. This rule applies to *plan* years commencing after the *plan* is given notice of the court decree;
 - If a court decree states that both parents are responsible for the *covered dependent* child's dental care expenses or dental care coverage, benefits will be determined according to the *birthday* rule described above;
 - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the dental care expenses or dental care coverage of the

COORDINATION OF BENEFITS (continued)

covered dependent child, benefits will be determined according to the *birthday* rule described above; or

- If there is no court decree allocating responsibility for the dependent child's dental care expenses or dental care coverage, the order of benefits for the child are as follows:
 - The *plan* covering the *custodial parent*;
 - The *plan* covering the spouse of the *custodial parent*;
 - The *plan* covering the *non-custodial parent*; and then
 - The *plan* covering the spouse of the *non-custodial parent*.
- For a *covered dependent* child covered under more than one *plan* of individuals who are not the parents of the child, benefits will be determined according to the *birthday* and longer or shorter rules, as if those individuals were the parents of the child.

3. Active Employee or Retired or Laid-off Employee

- The *primary plan* is the *plan* that covers a person as an active employee, e.g., an employee who is neither laid off nor retired.
- The *secondary plan* is the *plan* covering that same person as a retired or laid-off employee.

The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee.

If the other *plan* does not have this rule, and therefore, the *plans* do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rules described in item 1 above can determine the order of benefits.

4. COBRA or State Continuation Coverage

If a *covered person* has coverage provided under

- COBRA, or
- continuation provided by state or other federal continuation law, and

is covered under another *plan*, then

- the *primary plan* is the *plan* covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree, and
- the *secondary plan* is the *plan* providing coverage under COBRA, state or other federal continuation law.

If the other *plan* does not have this rule, and therefore, the *plans* do not agree on the order of benefits, this rule is ignored. This rule does not apply if the *birthday* rule can determine the order of benefits.

5. Longer or Shorter Length of Coverage

- The *primary plan* is the *plan* that covered the person as an employee, member, policyholder, subscriber or retiree longer.
- The *secondary plan* is the *plan* that covered the person the shorter length of time.

COORDINATION OF BENEFITS (continued)

If none of the rules described above determine the order of benefits, the *allowable expenses* shall be shared equally between the *plans* meeting the definition of *plan*. In addition, *this plan* will not pay more than it would have paid had it been the *primary plan*.

Effect on Benefits

When *this plan* is the *secondary plan*, it may reduce its benefits so that the total benefits paid or provided by all *plans* during a *claim period* are not more than the total *allowable expenses*.

In determining the amount to be paid for any *claim*, the *secondary plan* will calculate the benefits it would have paid in the absence of other dental care coverage and apply that calculated amount to any *allowable expense* under its *plan* that is unpaid by the *primary plan*. The *secondary plan* may then reduce its payment by the amount so that, when combined with the amount paid by the *primary plan*, the total benefits paid or provided by all *plans* for the *claim* do not exceed the total *allowable expense* for that *claim*.

In addition, the *secondary plan* shall credit to its *plan* deductible any amounts it would have credited to its deductible in the absence of other dental care coverage.

If a *covered person* is enrolled in two or more *closed-panel plans* and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one *closed panel plan*, COB shall not apply between that *plan* and other *closed-panel plans*.

If a *covered person* is covered by more than one dental benefit *plan*, the person should file all claims with each *plan*.

Right to Receive and Release Needed Information

Certain facts about dental care coverage and services are needed to apply the rules of *this provision* and to determine benefits payable under *this plan* and other *plans*. We may get the facts we need from or give them to other organizations or persons for the purpose of:

- applying the rules of *this provision*; and
- determining benefits payable under this *plan* and other *plans* covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under *this plan* must give us any facts we need to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another *plan* may include an amount that should have been paid under *this plan*. If it does, we may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under *this plan*. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If we pay more than we should have paid under *this provision*, we may recover the excess from one or more of the persons it has paid or for whom it has paid. Or, we may recover the excess from any other person or organization that may be responsible for the benefits or services provided for a *covered person*. The amount of the payments made includes the reasonable cash value of any benefits provided in the form of services.

CLAIM PROVISIONS FOR DENTAL INSURANCE

Payment of Benefits

We will pay benefits immediately upon receipt of all the required proof of covered loss.

To Whom Payable

If benefits have been assigned to the providers, we will pay dental benefits directly to the providers of dental services for *treatment* of a *covered person*. We will pay dental benefits to you, if benefits have not been assigned to the providers. After your death, we have the option to pay any benefits due to your spouse, to the providers of the *treatment*, or to your estate.

Authority

The *policyholder* delegates to us and agrees that we have the authority to determine eligibility for participation or benefits and to interpret the terms of the *policy*. However, this provision will not restrict any right you may have to pursue an appeal or file a lawsuit if your claim for benefits is denied.

Filing a Claim

1. The *covered person* or the *dentist* should send us notice of claim for dental *treatment*. We must have written notice of any insured loss within 30 days after it occurs, or as soon as reasonably possible. Notice can be sent to our *home office*, one of our regional claims offices, or to one of our agents. We need enough information to identify the *covered person*.
2. Within 15 days after the date of the notice, we will send the *covered person* certain claim forms. The forms must be completed and sent to our *home office* or one of our regional claims offices. If the claim forms are not received within 15 days, we will accept a written description of the exact nature and extent of the loss.
3. The time limit for filing a claim is 90 days after the date of the loss.
4. To decide our liability, we may require:
 - itemized bills,
 - proof of benefits from other sources, and
 - proof that the *covered person* has applied for all benefits from other sources, and that the *covered person* has furnished any proof required to get them.

For dental expenses, we may require additional information to determine our liability, including, but not limited to:

- a complete dental charting indicating extractions, missing teeth, fillings, prosthesis, periodontal pocket depths, orthodontic relationship and the dates work was previously performed, and
- preoperative x-rays, study models, laboratory and/or hospital reports.

We will ask the *covered person* to authorize the sources of medical and dental services to release medical information. If the *covered person* does not furnish any required information or authorize its release, we will not pay benefits.

If it is not reasonably possible to give proof on time, we will not deny or reduce the claim if the *covered person* gives us proof as soon as reasonably possible.

CLAIM PROVISIONS FOR DENTAL INSURANCE (continued)

Limit on Legal Action

No action at law or in equity may be brought to recover on this *policy* prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this *policy*. No action can be brought after the expiration of 3 years after the time written proof of loss is required to be furnished.

Review Procedure

If a claim is denied, in whole or in part, the *covered person* may request that we review the denial. A written request for review must be made within 180 days after notice of denial has been received. A court may not review a denial until our internal review has been completed. It is important that a request for a review is made on a timely basis.

A *covered person* has the right to see, upon request and free of charge, copies of all documents, records, and other information relevant to a claim for benefits. In connection with a request for a review of a denial, the *covered person* may submit written comments, documents, records and other information relating to a claim for benefits.

We will review a claim after receiving the request and any accompanying documentation, and send notice of our review decision within 30 days after we receive the request, or within 60 days if special circumstances require an extension. We will state the reasons for our review decision and refer to the relevant provisions of the *policy*. We will also advise the *covered person* of any further internal review procedures, if applicable.

Incontestability

After this *policy* has been in force for a period of 2 years, it will become incontestable as to the statements contained in the application.

In the absence of fraud, any statement made by the *policyholder* or a *covered person* will be considered a representation. It is not considered a warranty or guarantee. A statement will not be used in a dispute unless it is written and signed, and a copy is given to the *covered person*.

No statement, except fraudulent misstatement, made by a *covered person* about insurability will be used to deny a claim for a loss incurred after coverage has been in effect for 2 years.

No claim for loss incurred or disability (as defined in the *policy*) commencing after 2 years from the date of issue of this *policy* may be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this *policy*.

Overpayment

If a benefit is paid under the *policy* and it is later shown that no payment, or a lesser amount, should have been paid, we will be entitled to a refund from the provider or the *covered person* of any amounts that should not have been paid.

STATEMENT OF ERISA RIGHTS

As a participant in this Plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:

- (i) Examine, without charge at the plan administrator's office and at other specified locations such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and, if required, a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Pension and Welfare Benefit Administration.
- (ii) Obtain, upon written request to the plan administrator, copies of all documents governing the plan, including insurance contracts and collective bargaining agreements, and, if required, copies of the latest annual report (Form 5500 Series) and the updated summary plan description. The administrator may make a reasonable charge for the copies.
- (iii) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.
- (iv) Obtain, without charge, a copy of the plan's procedures governing qualified medical child support order determinations.
- (v) Obtain, automatically and without charge, a copy of your provider network list, if applicable to your plan.
- (vi) Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate our plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for welfare benefits is denied in whole or in part you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request certain materials from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court may decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and legal fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous. If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

NOTICE OF COBRA CONTINUATION COVERAGE RIGHTS

Introduction

This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and to other members of your family who are covered under the Plan when you would otherwise lose your group dental coverage. This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it. This notice gives only a summary of your COBRA continuation coverage rights.

The Plan Administrator is responsible for administering COBRA continuation coverage.

COBRA Continuation Coverage

COBRA continuation coverage is a continuation of the Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event". Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a "qualified beneficiary". A qualified beneficiary is someone who will lose coverage under the Plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and dependent children of employees may be qualified beneficiaries. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

1. Your hours of employment are reduced, or
2. Your employment ends for any reason other than your gross misconduct.

Your dependent spouse will become a qualified beneficiary if your dependent spouse loses coverage under the Plan because any of the following qualifying events happens:

1. You die;
2. Your hours of employment are reduced;
3. Your employment ends for any reason other than gross misconduct; or
4. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

1. You die;
2. Your hours of employment are reduced;
3. Your employment ends for any reason other than gross misconduct;
4. You become divorced or legally separated; or
5. The child stops being eligible for coverage under the Plan as a "dependent child".

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, or death of the employee, the employer must notify the Plan Administrator of the qualifying event within 30 days of any of these events.

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you

to notify the Plan Administrator within 60 days after the qualifying event occurs. You must send this notice to the Plan Administrator.

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date of the qualifying event.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of your employment or reduction of your hours of employment, COBRA continuation coverage lasts for up to 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability Extension of 18-month Period of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during the first 60 days of COBRA continuation coverage and you notify the Plan Administrator in a timely fashion, you and your entire family can receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. You must make sure that the Plan Administrator is notified of the Social Security Administration's determination within 60 days of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. This notice should be sent to the Plan Administrator.

Second Qualifying Event Extension of 18-month Period of Continuation Coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, your spouse and dependent children can receive additional months of COBRA continuation coverage, up to a maximum of 36 months. This extension is available to your spouse and dependent children if you die or you get divorced or legally separated. The extension is also available to a dependent child when that child stops being eligible under the Plan as a dependent child. In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event within 60 days of the second qualifying event. This notice must be sent to the Plan Administrator.

If You Have Questions

If you have questions about your COBRA continuation coverage, you should contact the Plan Administrator or you may contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website at www.dol.gov/ebsa.

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

CLAIMS PROCEDURE

The following procedures apply to the extent benefits under your employee benefit plan are insured under a contract issued by Union Security Insurance Company.

PRESENTING A CLAIM

Contact your plan administrator, who will advise you of any forms which are required. These forms should be returned to the Plan Administrator after completion. This Administrator will review them, complete any information concerning eligibility and forward them to Union Security Insurance Company. Time limits for filing the claim and other requirements for notice and proof of loss may be found under the heading, "Filing A Claim".

NOTIFICATION OF DECISION— DENTAL

A decision will be made within 30 days after receipt by Union Security Insurance Company of a properly executed, complete proof of loss, unless special circumstances beyond the control of the Plan require an extension of time for processing the claim. Such an extension of time may not exceed 15 additional days. If the claim is denied in whole or in part, Union Security Insurance Company will provide written notice either directly to you or to the Plan Administrator for delivery to you. The written notice will contain:

1. The specific reason or reasons for the denial;
2. Specific reference to pertinent provisions of the policy upon which the decision is based;
3. A description of any additional material or information needed to perfect the claim and an explanation of why it is necessary; and
4. An explanation of the plan's claim review procedure.

AUTHORITY

The Plan Sponsor delegates to Union Security Insurance Company and agrees that Union Security Insurance Company has the authority to determine eligibility for participation or benefits and to interpret the terms of the Policy. However, this provision will not restrict any right you may have to pursue an appeal or file a lawsuit if your claim for benefits is denied.

REVIEW PROCEDURE—DENTAL

You are entitled to a full and fair review of denial of claim. You may make a request to the Plan Administrator or appropriate named fiduciary, if other than the Plan Administrator. The procedure is as follows:

1. The request for review must be in writing and made within 180 days of receipt of written notice of denial;
2. You may review, upon request and free of charge, copies of all documents, records, and other information relevant to the claim for benefits. You have the right to review copies of any internal rule, guideline, protocol, or other similar criterion that was relied upon in making our decision to deny your claim. You have the right to request that we identify all medical experts whose advice was obtained on behalf of the plan;
3. You have the right to submit issues and comments in writing, along with additional documents, records, and other information relating to the claim;
4. If our decision is based on dental necessity or experimental treatment or similar exclusion or limit, you have the right to an explanation of the scientific or clinical judgement for the determination, which will be provided upon request and free of charge;
5. The Plan Administrator will forward the request to Union Security Insurance Company;

6. Union Security Insurance Company will make a decision upon review within 60 days after receipt of the request. The decision on review will be in writing, include the specific reasons for the decision and specific references to the pertinent plan provisions on which the decision is based and be furnished either directly to you or to the Plan Administrator for delivery to you.
