### *Our Mission:*

*Expressing Christ's love by providing care that values every human life.*

St. Francis Health Services owns and operates the Facility and is sponsored by the Catholic Diocese of St. Cloud. We are dedicated to promoting the Ethical and Religious Directive for Catholic Health Care services. These directives assist our care center in making decisions to provide the best care possible to each and every individual. We also live by the following core values and celebrate our employees for doing the same.

<i>Core Values:</i>	
<i>Integrity</i>	We faithfully adhere to high principles and professional standards.
<i>Commitment</i>	We dedicate ourselves to those we serve.
<i>Respect</i>	We value and treat each individual with compassion and dignity.
<i>Excellence</i>	We have the passion to do our best.
<i>Service</i>	We deliver what has not been done before it is expected.
<i>Stewardship</i>	We wisely employ the talents, resources, and relationships entrusted to us.

Our facility believes in a resident centered, hospitality care model. We strive to enhance each individual's life with professional and caring services, and to help each resident achieve his or her highest potential. We have programs that offer our residents increased flexibility in how their day is structured and how/when they receive care and services.

At Browns Valley Health Center we strive to make the city of Browns Valley a better place to live. Through our relationship with the community, we encourage participation in the lives of our residents through volunteering, partaking in social events and an active connection with those in our surrounding area.
